PROGRAM

ICE CLIMBING IN THE SERTIG

It couldn't be more crazy. Ice-covered rock walls and frozen waterfalls not only look impressive - they also will be climbed from all positions! Every winter, mighty ice walls with imposing icicles emerge at the very back of the Sertig in Davos for varied routes. In Sertig people climb mainly multi-pitch routes up to 4 pitches 150 - 180 climbing meters. The difficulties vary from easy (WI 3) to very demanding (WI 5). So there is something for everyone.

Good to know

Warm gloves and a down jacket will keep you warm while belaying. For climbing we recommend thin gloves, which provide good grip.
