

Ladies Freeride Camp Ski

Powder & Fun - Women Only!

Ladies Freeride Camp Ski

Powder & Fun - Women Only!

DAY 1 - 3

FREERIDING & POWDER, AVALANCHE PREVENTION & SKIING TECHNIQUE

Freeride during the day, rock the best powder runs in Davos and enjoy the cosy atmosphere - that's what you get at our Ladies Freeride Camp!

Davos Klosters is one of the best freeride areas in the Swiss Alps. Six ski areas and a very good public transport network guarantee easily accessible off-piste runs, from high alpine to more secured. For those who are not afraid to walk up a few meters with skins, there are almost endless powder runs at your feet. And that's exactly what we're after: endless powder runs.

To get to the best spots, we use the lifts, the local bus, the RhB as well as our skins and muscle power.

While we make our way through the ski resorts and discover the best runs for us, we also use the time to go into themed content. For example, we'll scrutinise your powder ski technique and hone it. We also deal with ascent techniques and avalanche awareness (prevention and rescue).

Join us and spend three unforgettable powder days in Davos.
