*DAY 1 - 3*

## **FREERIDE & POWDER, AVALANCHE PREVENTION & SPLITBOARD TECHNIK**

During the day we rock the best powder runs of Davos, then relax in the wellness with a fantastic view and enjoy Swiss delicacies for dinner in an authentic and cozy atmosphere - that's what you get at our Ladies Freeride Camp!

Davos Klosters is one of the best freeride areas in the Swiss Alps. Six ski areas and a very good public transport network guarantee easily accessible off-piste runs, from high alpine to secured. If you're not afraid to skin up a few meters, you'll find an almost infinite number of powder runs at your feet. And that's exactly what we're after: an infinite number of powder runs.

To get to the best spots we use the cable cars, the local bus, the train as well as our own skins and muscle power.

While we shimmy our way through the ski areas and discover the best runs for us, we also use the time to go into topic-relevant content. For example, we take a close look at deep snow technique and hone it. Furthermore, we also deal with ascent technique and avalanche awareness (prevention and rescue).

Our accommodation, the Hotel Kessler's Kulm, with its location on the Wolfgang Pass and at the foot of the Parsenn ski area, is the perfect starting point for our adventures. The family business is run with a lot of love and care - you can see and feel that. The modern rooms are stylishly furnished. The spacious wellness area with a fantastic view of the mountains invites you to relax after a long day of skiing. Having dinner in the cozy parlor we will review the day and let it end in a nice atmosphere. Be there and spend three unforgettable powder days in Davos.
