## PROGRAM

### MADRISA RUNDTOUR

We start the Madrisa tour in Klosters. From there we take the Madrisabahn and two lifts to reach 2500 meters. From the Madrisa ski area we ski a little and traverse to the Schlappinerjoch (2203m) at the border to Austria. A first wonderful descent over wide slopes leads us into the Valzifenztal. Through this valley we reach Gargellen (1420m) in the Montafon. With the Schafbergbahn we reach an altitude of 2200m again. Cosy huts invite you to stop for a bite to eat. A short descent northwards along the valley to Gargellen is followed by a 45-minute ascent to the St.Antönier-Joch. A marvellous descent through the Alpeltitalli to St. Antönien concludes the Madrisa round tour.

We reach Küblis railway station by post bus and can start our journey home.
