DAY 1

PIZ BERNINA

Breakfast is at 3:00am. Then we start in the dark with the headlamp and reach the Tschierva glacier via the narrow and exposed path. From now on we are on the rope all day long. From Fuorcla Prievlus onwards, there is also the sun also accompanying us. In front of the Bianco ridge it is only possible to make progress with easy climbing. Over the Bianco ridge we climb about 2 hours up to the Piz Bianco. Now the 2nd stage of the climb up to Piz Bernina with its 4049 metres awaits us.

The descent takes us past Marco e Rosa hut, back up to the Bellavista terrace and down via the Fortezza to the Pers Glacier. The last challenge of the day is the climb up to Diavolezza.
