## DAY 1

### **BERGHAUS DIAVOLEZZA**

We meet for dinner at the Berghaus Diavolezza.

## DAY 2

### **PIZ BERNINA**

Early in the morning we leave for the Pers Glacier. We climb under the shadow of the Piz Palü to the Gamsfreiheit and just below the Fortezza. A short descent leads us to the "Buuch". Back on the ascent, we make our way between the many crevasses. This section is one of the highlights of this tour. After leaving the "Buuch" behind us, we continue to climb towards the Spalla ridge. Where exactly we make the ski depot there depends on actual conditions. In about two hours we now climb Piz Bernina via the Spalla ridge. Here we can expect a short climb in the third degree. If the ridge conditions are good, we can also bypass this rock step. From Piz Bernina we enjoy a unique panorama, from the Valais and Bernese Alps to the Ortler.

The descent takes us back more or less the same way. If the snow conditions are good, we ski down to the Morteratsch railway station. If conditions do not allow it, we will take the opposite ascent to Diavolezza.
