PIZ PALÜ

Ski tour on the Piz Palü. The summit highlight of this ski crossing. We descend early in the morning to the Pers glacier, where we prepare ourselves for the ascent. We look for an easy way through the Cambrena quarries with its impressive glacial crevasses. At 3730 m we deposit our skis and climb with crampons and ice axe up to the eastern summit of the Piz Palü. If the circumstances are good, we'll go even further to the main summit. From the ski depot we drive via Pers- and Morteratsch glaciers to the Boval hut. Overnight stay in a shared room.

With more than three participants, a second mountain guide will accompany us on this day to ensure maximum safety in the summit ascent.
