## ARRIVAL

### HOTEL POST BIVIO

At 6 pm we will welcome you and the whole family with an Aperol in the Hotel Post Bivio.

## DAY 1

### SKI TOUR AROUND BIVIO

Before the first ski tour we prepare all the ski tour equipment. What comes with a ski tour? The safety material always has the highest priority at the beginning.

According to the conditions we choose the right tour. The ski lift in Bivio helps us to optimize the balance between ascent and descent.

We are interested in how we mount the skins on the skis, what is a good adjustment of the bindings and boots and what clothing is appropriate for today.

We set off in a pleasant and steady rhythm.

↑ 600 hm   ↪ Confident and good ski technique and good endurance.

## DAY 2

### SKI TOUR AROUND BIVIO

With the basic knowledge from the first day, nothing stands in our way for another great and successful day of touring. Of course we adapt the ski tour to all participants.

Spread out over the next days we do exercises with the avalanche transceiver and learn a lot about avalanche prevention.

## DAY 3

### SKI TOUR AROUND BIVIO

In addition to the ski tour, tips and tricks for downhill skiing in deep snow will certainly not be neglected. The three tour days should be an instructive experience for the whole family in the tour area.
